Klaymor Buttercup 5th is an imported-in-dam cow purchased by Edellyn for \$2100, top of the Klaymor sale. She came in dam with an importation that made Jim Russell's cow herd one of the world's most highly regarded. We have three of her daughters in the Edellyn herd.

Kair Buttercup is considered one of the best imported females in the Russell herd and has consistently produced top cattle in their sales. She is out of the same cow as Kair Banker, for years considered the top sire in the Argentine. Kair Banker sired a Palermo champion and two Palermo champion groups.

Calrossie Fearless was the third top selling bull at Perth, 1939.
Note he is a half brother to Calrossie Mercury, being by the Perth champion Calrossie Control. Calrossie Fearless did a great job at Kair.
Many of Scotland's best females are by him. Mathers 1952 junior champion female, Leveldale Victoria is out of a Calrossie Fearless dam. One of his most famous sons was Kair Banker, mentioned above.

Balthayock Buttercup 7th was one of Scotland's best cows, being the dam of Kair Banker among others, and is a daughter of Balthayock Orange Command by the Perth champion Cluny Brave Command by Calrossie Command.

We consider Edellyn Brigand the most promising son of Beaufort Bull-dozer yet calved. A number of others older are more fully developed.... however, we believe the real cattlemen in the crowd will see him the way we do. He has the head of a stock bull, great bone and legs, a strong wide top, a beautiful underline and thigh, great hindquarters. He is very strong over the crops and through the heart. We want Edellyn Brigand to be the junior bull calf in the 1955 Edellyn show herd. We want the buyer to allow us to develop him and show him at the International. He will be hard to stop.

Beaufort Bulldozer

More Edellyn-bred bulls have been used in the herds of North America because the records prove that more Edellyn bred bulls have made good.

Ringwell Lodestar and Edellyn Clara Belle 3d, grand champions at the 1954 International. Both sired by Beaufort Bulldozer.

For forty years Edellyn has worked to perfect a pattern. Regardless of which Edellyn sire is used, the pattern is consistent. These five beautiful heifers are sired by three different Edellyn herd bulls. They all sell in the sale. From left to right they are, Edellyn Augusta 55th by Edellyn Royal Leader 149th, (lot 32); Edellyn Augusta 53rd by Edellyn Royal Leader 114th, (lot 34); Edellyn Augusta 51st by Edellyn All-Star Mercury, (lot 15); Edellyn Augusta 52nd by Edellyn Royal Leader 114th, (lot 13); and Edellyn Golden Chain 10th by Edellyn All-Star Mercury, (lot 16).

Owners of Edellyn bred herd bulls have an important initial advantage. There are many things they can simply take for granted.

They know that Edellyn has perfected a consistent winning pattern. This pattern, locked into Edellyn productions over a period of forty years of breed leadership, carries its prepotence into the productions of Edellyn customers.

The descendants of Edellyn sires are sought after by good cattlemen everywhere. With the knowledge that calves by Edellyn bred bulls consistently sell at the top of state and national sales, the Edellyn buyer can invest with greater confidence of return.

Because Edellyn bulls and females accomplish so much for their owners and the investment can be spread over so many descendants, the original price seems insignificant.

# Our 30th Annual Sale

We sincerely hope you can be with us on the occasion of the 30th Annual Edellyn Sale. For 30 consecutive years, uninterrupted by changing economic conditions, Edellyn has held its annual Shorthorn Sale. This is probably a record that can be matched by no other purebred herd of any breed. Over 1100 cattle have been sold through these auctions and it is a matter of great satisfaction to us to have such conclusive proof that they have improved beef cattle in general and the Shorthorn breed in particular.

This is your sale as well as ours. We are proud that all of you feel a co-ownership with us in the things that make Edellyn. On sale day you will join the most discerning cattle audience in the world. These people judge Edellyn cattle by standards apart from any other. We know this stems from a feeling that you have a real stake in what goes on here we shall do our utmost never to disappoint you.

To fully appreciate the Edellyn sale offering you should plan a leisurely inspection of the cow herd, herd bulls, and calves. We urge you to try to arrive on the day prior to the sale so that such an inspection will be possible and so that we may have a better opportunity to become acquainted with you.

Thos. E. Wilson

# DONE BEFORE!

Shorthorn show was North The International the grand champion established in 1903. Until 1954 no bull had ever sired both bull and grand champion female. Beaufort Bulldozer did it that year with his calves dropped in first two America.

Want Further Evidence? Here is the 1953 International Champion.

Ringwell Orange Talisman, above, 1953 International grand champion female was the result of Ringwell's mating their famous cow Beaufort Orange Talisman to our Edellyn Royal Leader 114th. The dam of Beaufort Orange Talisman is also the dam of Beaufort Bulldozer.

## ANOTHER EDELLYN UNEQUALLED RECORD

# In Polled Shorthorns, too . . .

Wherever Edellyn bloodlines have been introduced, top show winners have resulted.

Left— L F Fascination x, 1954 International grand champion Polled Shorthorn bull. Sire, Carona Fascination x, a grandson of Edellyn Royal Leader 2nd. Exhibited and owned by Landen Farms, Foster, Ohio.

Each year we are happy to see at the Edellyn sale an increased number of Polled Shorthorn breeders. They have purchased a number of our top animals. Study the top sale and show winnings and see how many of the best Polled Shorthorns descend from cattle purchased at Edellyn by progressive Polled Shorthorn breeders.

Lynnwood Farms, Carmel, Indiana, exhibited the first prize junior get of sire on the Polled Shorthorn show at the 1955 International. Pictured above, they are sired by Lynnwood, Leader a son of Edellyn Royal Leader 2nd.

The Edellyn herd is large enough to share its top quality with others. This picture was taken last year. The heifer on the extreme right and the heifer in the center sold, the other three were put back in the herd.

# Consistent Performance . . .

Improvement in the cattle business is based upon consistency. From the commercial cattleman to the top purebred breeder, all are interested in obtaining bulls that will sire entire crops of calves that are uniformly of good quality. Progress is slow with the kind of herd bulls that sire only occasional good calves.

The production of consistent quality cannot be reached overnight. A certain way to obtain it more quickly is to draw blood from a source such as Edellyn where for forty years the top specimen of the breed have been moulded into a uniform pattern.

If all the Edellyn cattle that have been sold in the previous 29 sales could be paraded, you would view an amazing display of uniform quality, improved each year. I believe the 1955 Edellyn offering is better than any that has preceded it.

# COME AND ENJOY YOURSELF

It's time to put aside your work for a few days and enjoy yourself. You can mix important cattle business with a wonderful outing for yourself and your family. When you come to the Edellyn sale, come early enough to see everything. Most people will arrive on Sunday, for a leisurely stroll through the barns and pastures, for visits with old friends and for the opportunity to make new ones.

To fully appreciate each sale individual it is important to do some research in the pastures as this Ohio group is doing. The dams of the sale cattle will all be marked and the herdsmen will be available to point out the sires of the calves, etc.

# Scotland's Leading Sires are Not in Scotland...

Heading the first class of bulls, that for two-year-olds was Col. S. J. Hardie's Ballathie Oscar by Cruggleton Justinian. He sold for \$600 to W. D. Dron, Crieff. The top-seller in this class was Chapelton Cruiser by Cruggleton Balmoral from the James Biggar herd. He was purchased by A. Santamarina, Argentina, for \$7,800.

Lord Lovat had the winning entry in the August-September class with Beaufort Crossbow by Cruggleton Guthrie. He sold to R. W. Honeyman, Ballechin, for \$8,100. This was but one of four good Beaufort bulls in this class. Beaufort Cuptie by Cruggleton Guthrie, realized \$12,900, the bid of Capt. Fletcher, Saltoun. Beaufort Chevalier by Beaufort Bulldozer, the bull owned jointly by Edellyn Farms, Wilson, Illinois. and Almahurst Farms, was purchased for \$8,700 by F. MacGillivray, Pencaitland, while another Bulldozer son, Beaufort Commodore was withdrawn from the sale at \$17,700.

John and Donald MacGillivray had the first-prize winner in the December class with Calrossie Incentive by Calrossie Welcome. He sold to Gordon Blackstock for \$2,400. The top seller in this category was the third-prize winner, Chalmerston Perfect by Chalmerston Baronet, shown by R. Bryce. He sold at \$8,400 to R. M'Cauchey, Australia.

In the mid-March class, the top prize went to Wm. MacGillivray on Glastullich Paramount by Calrossie Highland Welcome. The

buyer of this impressive bull at \$10,500 was E. I. Alfredo, Argentina. A Beaufort entry, Beaufort Congress by Cruggleton Pirret, was second and sold for \$9,000 to Snr. Victoria. Argentina. Another Calrossie bull, Calrossie Triumphant by Calrossie Welcome, sold to Miss Jean MacGillivray, Iverness, at \$15,600. Joseph Zuro took the fourth placing animal, Phopachy Maestro by Crichton Grand Duke, from the Jean MacGillivray herd at \$11,400.

Lord Lovat had the top animal in the older April class in Beaufort Companian by Cruggleton Pirret. He sold to an Argentine buyer at \$7,200. An Argentine buyer also purchased the first-prize bull in the late April class. This was G. J. C. Anderson's Kair Goldfinder by Cruggleton Nevile. He realized \$3,300.

The coveted group awards for the best three bulls, best three bulls by one sire, and best five bulls were all won by Mr. Adam of Glamis on sons of Calrossie Highland Monarch. Reserve prizes for best three bulls and best three bulls by one sire went to Calrossie. The reserve prize in the class for best five bulls was won by Lord Lovat on sons of Beaufort Bulldozer, Cruggleton Guthrie and Cruggleton Pirret.

top-selling female was the winning entry in the younger yearling class for Lord Lovat. She was Beaufort Augusta 7th by Cruggleton Pirret. Gordon Blackstock was again the buyer at \$2,100.

Beaufort Crossbow. Sire, Cruggleton Guthrie. Dam, Beaufort Fortuna 8th by Cruggleton Pentland Firth (the sire of Beaufort Bulldozer). In reality, this is the Beaufort Bulldozer-Cruggleton Guthrie cross. This bull was sold by Beaufort in the 1955 Perth Sale for \$11,100 to R. W. Honeyman, for his Ballechin herd.

Beaufort Commodore. This son of Beaufort Bulldozer was one of the most popular at Perth this year. He was withdrawn at \$17,700 by Lord Lovat and will be used in the Beaufort herd. Scottish breeders frequently enter their best bulls at Perth and withdraw them on reserve bids. Both Calrossie Welcome and Kirkton Baronet were withdrawn from previous Perth sales.

BEAUFORT BULLDOZER

## FAMOUS AS A SIRE ON TWO CONTINENTS

Seven sons sold at auction in Scotland have averaged \$7900.

His first son calved in North America was the 1955 International grand champion bull and supreme champion of the show.

His first daughter calved in North America was the 1955 International grand champion female.

Two sons sell in the 1955 Edellyn sale.

Fifteen females sell bred to him in the 1955 Edellyn sale.

BEAUFORT BULLDOZER—One of the greatest living sires of the Shorthorn breed. He was purchased for \$15,000 from the famous Beaufort herd, where he was used for one season before being shipped to the Edellyn and Almahurst herds. His sons head leading herds in Argentina, South Africa, Australia, and Scotland. Among his most famous sons are Beaufort Brisket, sold to Australia for \$10,800; Beaufort Brave Baron, sold to the Argentine for \$10,200; Beaufort Commodore, withdrawn at \$17,700 from the Perth sale for use at Beaufort; Beaufort Chavelier, sold to the Aldie herd for \$8700. His seven sons sold at auction in Scotland have averaged \$7900. At the Royal Highland, Scotland's leading Shorthorn show, a son won the junior championship, while a son and a daughter won the British cup for the best pair.

His first son born in America, Ringwell Lodestar, as a junior bull calf, won the grand and supreme championship of the 1954 International. His first daughter born in America, Edellyn Clara Belle 3d, as a junior calf, won the grand championship of the 1954 International. These were the only two calves old enough to show.

His calves at Edellyn are great . . . his calves at Almahurst are equally great.

What a record for a four year old bull!

A group of the first heifer calves dropped at Edellyn and sired by Cruggleton Guthrie.

Cruggleton Guthrie—He has proved himself one of the outstanding sires of the breed. He was slated to be one of the stock bulls in the A. J. Marshall herd, and only the death of Mr. Marshall and the Cruggleton dispersion made him available. His calves have made a great record in Scotland, Argentina, and the United States. His first three daughters sold in the United States were: Lou Averne, \$5000 top of the 1953 Mathers sale; Princess Moya, \$2050 top selling female of the 1954 Femco sale; and Princess Moira, selected by Colonel Beardmore at the \$2300 second top price of the 1954 Campbell sale.

In Scotland, one of his daughters, Laila Clara was grand champion Shorthorn at the Royal Highland, Turniff, and Laurencekirk shows. At Perth, 1954, his only son made the second top price of \$13,200. At Perth, 1955, his two sons were first and second prize winners in the same class, selling at \$12,900 and \$11,100 to the famous Saltoun and Ballechin herds. Three grandsons were shown. They stood first, second, and fourth in class and sold to the Argentine for \$9,000, \$7,200 and \$1500 respectively. His only granddaughter sold made the top price for females. A son was also grand champion Shorthorn bull at Nairn, The Black Isle, and Keith shows in Scotland, all strong shows.

# The "114th"

First prize pair of calves at the 1954 American Royal, by Edellyn Royal Leader 114th. Left, Edellyn Royal Leader 185th, selling as lot 2. Right, Edellyn Princess Bobby, first prize senior heifer calf at the American Royal.

# Greatest of the Breed Building EDELLYN ROYAL LEADER DYNASTY

Edellyn Royal Leader 114th—One of the most popular Edellyn animals ever to step into a show ring. In three years of competition he achieved a show winning list surpassed by few bulls. Most important of all, he has transmitted these characteristics to his calves, as is clearly evidenced by the records. We will not attempt to list all the winnings. His daughter, Ringwell Orange Talisman, was the 1953 International grand champion female. In 1954 shows we exhibited a junior get by him that won first at Iowa, Wisconsin, and the American Royal; a pair of calves that placed first at the American Royal; and many other individual and group first prize winners at major shows.

Edellyn Royal Leader 114th was bred to be great. He is the best son of Edellyn Royal Leader 23rd, who was the best son of Edellyn Royal Leader. For prolificy on the dam's side, take a look at the picture of his two full sisters that appear on page 45 of this catalog.

We are selling three sons in this sale. We are keeping most of his daughters, but are selling four in this sale. These will probably be the last daughters to be offered.

THE BULL WE PICKED TO CARRY ON THE MERCURY
LINE . . . HIS GET PROVES WE WERE RIGHT.

Edellyn All-Star Mercury—Although Calrossie Mercury sired many great breeding bulls, evidence is beginning to pile up that this bull, whose breeding record is not yet completed, is the best. His progency includes such famous animals as the \$10,000 record price female, Edellyn Rosewood 65th; the \$15,000 Edellyn Prig Mercury; the \$6100 Edellyn Beauty 32nd; the great show bull Edellyn Banker Mercury, grand champion of the 1954 Illinois and Iowa State Fairs and the American Royal and junior champion at Denver. He also sired Edellyn Choice Mercury, first prize and reserve junior champion of the 1954 American Royal, that sells as Lot 1 in this sale. His daughters are proving to be great breeders. Among his best breeding sons are the \$4000 Edellyn Classic Mercury, stock bull at Almahurst; Edellyn Prim Mercury, owned by Ted Nehring of Texas; Edellyn Polar Mercury, owned by Johan Hegg of South Dakota; and Edellyn Comrade Mercury, owned by Nils Aspaas of South Dakota. Twenty-four of his sons and daughters have averaged \$2746. Edellyn All-Star Mercury's dam was the famous show cow, Edellyn Flossy Shane 4th. One son and eight daughters sell in the 1955 Edellyn sale.

Right—Edellyn Rosewood 65th established a new record for the Shorthorn breed when she sold in the 1952 Edellyn sale for \$10,000, going to Almahurst Farm. She was sired by Edellyn All-Star Mercury.

Edellyn Royal Leader 149th—It is always necessary at Edellyn to have an outstanding younger sire of the Edellyn Royal Leader line. The "149th" is an excellent individual with an impressive show record. He was the grand champion bull of the 1952 Wisconsin State Fair. Not too many of his calves have reached saleable age, but we urge you to look at lots 22 and 32, a pair of his first daughters, to get an idea of what he can do. Edellyn Royal Leader 149th is a low-down, smooth, blocky, great fleshed bull.

BALBITHAN BON-ACCORD. Sire, Cruggleton Bonn. Dam, Milhills Golden Bud 4th.

**Balbithan Emperor** was purchased at the 1955 Perth sale and we do not have his American pedigree as yet. He was selected not only for his great individuality and character, but because his background contains many of Scotland's best breeding cattle and recent show winners. Furthermore, there is a close tie-in with the breeding of Beaufort Bulldozer. We are anxious to mate him to Bulldozer heifers.

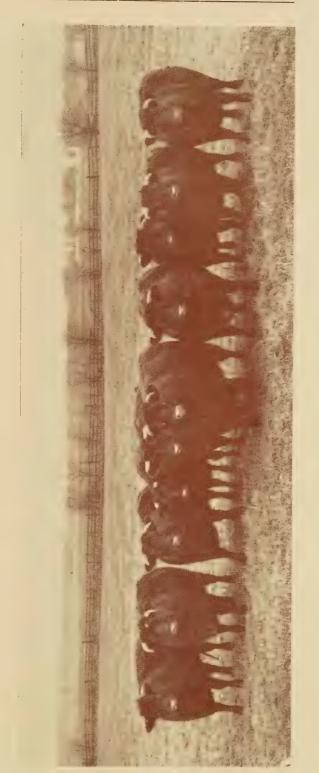

Balbithan Bon-Accord was retained as a herd bull by Mr. Stott, being an outstanding son of Cruggleton Bonn, full brother to Cruggleton Pentland Firth, sire of Beaufort Bulldozer. Balbithan Bon-Accord was first and reserve champion of the 1953 Royal Highland show. His dam, Millhills Golden Bud 4th, was the reserve champion female at Perth in 1949. She was the first cow purchased by Mr. Stott, for what is now recognized as one of Scotland's most select herds. In 1951 he exhibited her bull calf to the Perth Supreme championship and it sold for 3,000 gns. to Australia. Her bull calf in 1950 made 4,000 gns. going to the Argentine. Baldowrie Augusta Rose, first in her class at Perth in 1949, is a lovely red cow hat has bred wonderfully. She and her daughters have won prizes at the Royal Northern and all the local shows in 1954. Her first bull calf, also by Balbithan Bon-Accord, was Balbithan Banker that sold for \$10,200 for export to the Argentine in the 1955 Perth sale.

# Why Edellyn Has Grown Stronger . . . Every Year Forty Years

For many years the Edellyn herd has been maintained at its present size. Thus, our problem of retaining females is not like many herds, that of growth, but is a matter of each year retaining fifteen to twenty outstanding females for replacement. This program has been followed for years. Because the Edellyn herd constantly improves, we find that a large number of our best producing females come from the replacement heifers put back into the herd in preceeding years.

To give you an idea of the quality that goes back into the herd, we show you above five heifers that are in the 1955 replacement group. This picture was good enough to earn a place on the front cover of May 1st issue of The Shorthorn World. The picture below shows ten heifers that were put back in 1953. Some of these have calves in this year's sale.

Edellyn Choice Mercury

#### Edellyn Choice Mercury

This is one of the best Mercury bulls ever developed at Edellyn. He was 1st prize summer yearling at the Iowa State Fair, 1st prize and reserve junior champion at the American Royal, and 3rd prize in a class of 24 summer yearlings at the International in 1954. His dam is one of the best Marshall bred cows in North America. His full sister, Edellyn Beauty 32nd, was sold in our 1953 sale for \$6,000 to Mr. R. E. Smith, Houston, Texas. This bull has been used extensively, and we would like to show him on the 1955 show circuit.

# Consistency-

Consistency is the measure of performance by which any breeding herd must be judged. Think of the parade all the Edellyn show cattle through the years would make. It's a potent pattern you can count on to put your herd on top.

### IT'S FUN BEING AN EDELLYN CALF . . .

Above is the 1946 International reserve champion female, Edellyn Dorothy 21st by Edellyn Royal Leader with her 1954 heifer calf by Beaufort Bulldozer.

## In the first place, you always have a good mother

A group of 1955 Beaufort Bulldozer and Cruggleton Guthrie calves.

And a lot of blocky half brothers and sisters

Here is a picture taken in November of a group of heifers in the 1955 Edellyn sale.

## Here's what we look like along in November

This group was photographed just ahead of our 1954 sale. Aren't they perfectly developed?
